

## Check our different programs

### Speech Therapy

At Resource Therapy Center, our licensed speech-language pathologists work with individuals of all ages to enhance their ability to express themselves effectively

### Occupational Therapy

We work with clients to improve fine motor skills, cognitive function, and sensory processing, enabling them to participate fully in everyday activities.

### Physical Therapy

Our physical therapy program is designed to help patients regain strength, flexibility, and mobility through personalized treatment plans.

### Educational consultation

At Resource Therapy Center, our educational consultants work collaboratively with families and schools to develop personalized plans that address specific challenges,
